AN APPEAL TO AMERICA.

The Boer Peace Delegates started from the Hague on May 2 on their way to the United States. Before leaving they made a statement in part as follows:

"Briefly: the object of our visit to the United States is to appeal to the Government and people to seek the re-establishment of peace. We have, thus far, only visited Holland, because the people are of our race, and we wish to see the resolution adopted at the peace conference applied to our case."

"We think we shall do well to go now to the United States, a sister Republic, where the people had the same struggle a century ago which our people are now having. We are going to the home of a free people. We are going with the object to rectify erroneous opinions and to make the truth known."

"Where calumny and misrepresentation have preceded us—we go prepared to make the truth known, trusting that our appeal to the free people of our great sister Republic will not be in vain. We do not go to one party or the other. We go to the American people in its vast entirety, constituting today the greatest peace factor in the world, which only awaits its lead to unanimously declare that this useless bloodshed shall and must cease."

"We go to tell the American people that we are prepared to place our case in their hands for arbitration, so satisfied are we that we demand nothing but an impartial, freedom-loving nation is not willing to grant."

"The English press seems with falsehoods by which it seeks to throw doubt in the eyes of the American people."

"We are prepared to meet these falsehoods by asking the United States to judge between us. Will England agree? If not, then all these falsehoods will not deceive Americans, for they will realize that England seeks to crush our independence as they sought unsuccessfully, thank God, to crush American independence in the last century."

BRYAN ON BLOOD.

At a dollar dinner of the Mohawk Club of Detroit, Colonel Bryan had a severe paroxysm of acute buncombeitis, says the New York Sun. He screamed, he howled, he roared:

"Republicans, I dare you to put a price on human life. If you want to buy trade with human blood, cowards, buy it with your own blood!"

What the American troops in the Philippines have been doing and are doing has been and is to put down rebellion against the United States. The American soldiers who have died in the Philippines have died for their country, and the honor in which they will be held cannot be lessened one atom by the attacks of Aguinaldo's heels in the United States. Trade, which Colonel Bryan, whose business is oratory, despises, is a great agent of civilization and national well being. It will come with peace. Our soldiers fight primarily for American right and authority in the Philippines ultimately for all the good, moral and material, which will flow from American possession of the Philippines to the Americans and to the races of those islands.

CAREFULLY planned to avoid the last probable frost of the season, comes the announcement that a gentleman of Philadelphia is anxious to bet \$100,000 that Bryan will be elected. The gentleman's anxiety does not go so far as to give his name and address to those who might want to cover his bet.

THE Army Reorganization bill will add 5,478 men to the artillery, making the total strength of that arm 17,448. The present enlisted strength of the army is 65,000 regulars and 35,000 volunteers, or a total of 100,000. The reorganization bill will increase that total to 105,478 men.

Dr. A. BLOCH, the French anthropologist, attacks the theory that thick lips are a denotement of sensuality, while thin and delicate lips denote apirituality, firmness and elevated character. In a recent paper the scientist claims that the shape, size and color of the lips are purely racial characteristics, and that in the hybrid peoples of Europe and America, where there has been such a general intermingling of races, a child may well inherit from not very remote ancestors lip forms that completely belie the actual character of the child, as indicated by the lip theory. Dr. Bloch's investigations satisfy him that really thick lips in the white races are always anomalies or freaks of nature.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure for all world for all throat and lung trouble. Regular size 50 cents and \$1.00. Trial bottle free at Copper Queen store and Bisbee Drug Co.; every bottle guaranteed.

Notice.

An Editor's Life Saved by Chamberlain's Cough Remedy.

During the early part of October, 1896, I contracted a bad cold which settled on my lungs and was neglected until I feared that consumption had appeared in an incipient state. I was constantly coughing and trying to expel something which I could not. I became alarmed and after giving the local doctor a trial bought a bottle of Chamberlain's Cough Remedy and the result was immediate improvement, and after I had used three bottles my lungs were restored to their healthy state.—R. Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a mere pimple or scratch has developed into the most malignant Cancer.

"I had a severe Cancer which was at first only a few blotches, that I thought would soon pass away. I was treated by several able physicians, but in spite of their efforts the Cancer spread until my condition became alarming. After many months of treatment and growing steadily worse, I decided to try S. S. S., which was so strongly recommended. The first bottle produced an improvement. I continued the medicine, and in four months the last little scab dropped off. Ten years have elapsed, and not a sign of the disease has returned."

It is dangerous to experiment with Cancer. The disease is beyond the skill of physicians. S. S. S. is the only cure, because it is the only remedy which goes deep enough to reach Cancer.

(Swift's Specific) is the only blood remedy guaranteed Purely Vegetable. All others contain potash and mercury, the most dangerous of minerals. Books on Cancer and blood diseases mailed free by Swift Specific Company Atlanta, Georgia.
